# Choosing a Door

What to consider when selecting a door

## *Style*

Whether your home is classic or contemporary, Overhead Door offers styles to best complement your home's architecture. For a distinctive, custom look, choose insulated doors from our elegant Courtyard Collection<sup>®</sup>, Thermacore<sup>®</sup> Collection, Impression Collection<sup>®</sup> or the custom fine wood doors of the Signature<sup>®</sup> Carriage Collection.

## *Safety*

Our Impression Collection<sup>®</sup> doors provide peace of mind with pinch-resistant panels that help protect fingers. If you live in an area that is prone to high winds, our Wind-Storm<sup>™</sup> doors provide reliable protection against high wind damage and offer fine craftsmanship, durability and style.

## *Comfort*

If you live in a climate with extreme hot or cold temperatures, we recommend a well-insulated, thermally-efficient door to ensure your comfort. Some of our insulated doors, including the Courtyard Collection<sup>®</sup> and Thermacore<sup>®</sup> Collection, also feature a steel backing that lends a finished, clean look to your garage's interior.

# Signature® Carriage Wood

## Premium wood garage doors

Signature® Carriage Wood doors combine the classic swing-open appearance and detailing of carriage house wood doors with the convenience of sectional garage doors.

S - Standard panel, L - Long panel, V - V5 panel

<sup>4</sup> Polystyrene insulation: Refers to insulation for improved energy efficiency and sound reduction.

<sup>5</sup> R-value: The higher the R-value, the greater the insulating properties.

<sup>6</sup> Heavy-duty steel: A thicker, more durable and dent-resistant option, designed to withstand additional knocks and bumps from outdoor activity.

<sup>7</sup> Backing: Vinyl - For a clean, more finished look and added sound absorption.

Steel - Interior-side steel backing for strength and finished appearance.

# WindStorm™

Wind load-rated system for garage doors

## Reliable protection against high winds and wind-borne debris

As the largest point of entry, your garage door offers the largest opportunity for high-pressure destruction. That's why when high winds hit, a reinforced garage door is one of your home's – and your family's – most important safeguards against nature's fury. Only WindStorm™ rated doors from Overhead Door not only provide reliable protection against high wind damage, but also deliver door products that feature fine craftsmanship, trouble-free performance, lasting durability and eye-catching curb appeal.
